

## II. EU-Belarus.net – Contact and Information Platform

Web-based platform [EU-Belarus.net](http://EU-Belarus.net) is:

- An online database of European organisations and institutions interested in implementation of joint projects with Belarusian partners;
- An online database of implemented, ongoing and planned programmes, projects and initiatives of international technical assistance, including project ideas;
- An online platform for exchange of experience, knowledge, know-how and ideas between European and Belarusian organisations and institutions;
- An online guide on project management issues (from project formulation to its registration and implementation);
- An online forum for discussions and opinion exchange on project implementation, including online conferences featuring representatives of European and Belarusian organisations, institutions and local authorities.
